

FIELD SERVICE ENGINEER **VACANCY**

SOUTH WALES

Sterling Hydrotech Ltd is a well-established, independent, national swimming pool water treatment company, who currently have a vacancy for a Field Service Engineer, in South Wales.

Freshwaters, Park Road, Holmewood
Chesterfield, Derbyshire S42 5UY

Telephone: +44 (0) 1246 857 000

Fax: +44 (0) 1246 852 200

Email: enquiries@sterling-hydrotech.co.uk

Website: www.sterling-hydrotech.co.uk

The main purpose of the role will be to service and maintain client swimming pools and assist with any refurbishment activities.

Ideally you will be an experienced Electro – Mechanical Field Service Engineer, electrically biased with knowledge and experience of installation and fault finding, on both three-phase and single phase equipment and control equipment.

Knowledge of mechanical installations including plastic pipe-work would be an advantage, along with the ability to work alone unsupervised, as well as part of a team.

A clean driving license is required and you will be asked to sit a theoretical and practical test during your interview.

The position is field based and even though you will be based in South Wales, you will be asked to travel outside of this area and stay overnight to meet the requirements of the business.

Sterling Hydrotech Ltd offer a comprehensive package including, a competitive salary, company van, expenses, pension scheme and private medical health care.

Applications should be made in writing, enclosing a copy of your CV, with details of your present salary to Sarah Barnard, Service Manager, sarah@sterling-hydrotech.co.uk
