

LIW - A Celebration of 25 years of Innovative Water Treatment Solutions

LIW 2013 was a great success for **Sterling Hydrotech Ltd** who were celebrating 25 years in the Leisure Industry as a Swimming Pool Filtration and Water Treatment Specialist. There was a lot of interest in our exhibits, our focus this year was on **Innovative Solutions** with emphasis on Environmentally Friendly Products, Energy Saving and Integrated Control Systems.

It was good to hear how many of you appreciated us actually having products such as Chemical Dosing Controllers, UV's and inverter drives on the stand

A big thank you

to everyone who came to our stand and entered our draw, the winner of our

25 year old Single Malt Whisky was Mr Richard Jones, Facility Manager for Cheshire East Council

**For advice and information on Water Treatment Solutions call Karen on 01246 857000 option 2
