

# **FIELD SERVICE ENGINEER**

The logo for Sterling Hydrotech Limited is located in the top right corner. It features the word "STERLING" in a large, bold, white, sans-serif font, with "HYDROTECH LIMITED" in a smaller, white, sans-serif font directly below it. The text is set against a dark blue background that has a white, curved, swoosh-like graphic element at the bottom.

## **VACANCY**

### **North**

Sterling Hydrotech Ltd established in 1988 is an independent national swimming pool water treatment company and we currently have a vacancy for a Field Service Engineer based the in North (reasonable distance to Chesterfield, in Derbyshire)

The main purpose of the role will be to service and maintain client swimming pools and assist with any refurbishment activities.

Ideally you will be a time served experienced Electro – Mechanical Field Service Engineer, electrically biased, with knowledge and experience of installation and fault finding in a commercial swimming pool environment

Knowledge of mechanical installations including plastic pipe-work would be an advantage, along with the ability to work alone unsupervised, as well as part of a team.

A clean driving license is desirable. The position is field based and even though you will be based in the North, or the surrounding area, you may be asked to travel outside of this area and if necessary occasionally stay overnight to meet the requirements of the business.

Sterling Hydrotech Ltd offer a comprehensive package including, a competitive salary, company van, expenses, pension scheme and private medical health care.

Applications should be made in writing, enclosing a copy of your CV, with details of your present salary to Sarah Barnard, Service Manager, [sarah@sterling-hydrotech.co.uk](mailto:sarah@sterling-hydrotech.co.uk)
